PROFESSIONAL SUMMARY

Frontend-focused web developer with two internships delivering responsive websites and Python-based applications at Brainy Beam Pvt. Ltd. Proficient in HTML, CSS, JavaScript, REST APIs, and Git. Completing a Diploma in Computer Engineering (GTU). Available immediately and looking to contribute to a development team from day one.

TECHNICAL SKILLS

- **Programming Languages:** HTML5, CSS3, JavaScript, Python, SQL
- **Frontend:** Responsive Web Design, DOM Manipulation, Reusable Components
- **Backend and Data:** REST API, JSON, SQLite
- **Tools:** Git, GitHub, VS Code
- **Soft Skills:** Problem Solving, Communication, Team Collaboration

PROFESSIONAL EXPERIENCE

Application Development Intern — Brainy Beam Pvt. Ltd., Ahmedabad | 2025

Python desktop utility development

- Built a student record management utility using Python and SQLite, enabling supervisors to store, retrieve, and filter records via SQL queries; demonstrated successfully to senior developers.
- Maintained a shared Git repository with daily commits across a 6-week project, resulting in zero lost code instances throughout the lifecycle.
- Reviewed team JavaScript code and flagged 12+ logic errors before final submission, contributing to a clean sign-off from the project supervisor.

Web Development Intern — Brainy Beam Pvt. Ltd., Ahmedabad | 2024

Frontend development and website management

- Rebuilt layouts for 3 client websites using HTML, CSS, and responsive design, reducing layout-break issues reported by the review team to zero.
- Cut content update time by ~40% by writing reusable JavaScript components that replaced repetitive manual HTML edits across pages.
- Integrated a live stock display feature by consuming a REST API and parsing JSON responses in Python, eliminating the need for manual page refreshes.
